YOUR COMPLETE PIPING SOLUTIONS

about us

Arrow pipes & Fittings is a distinguished Distributor, Stockist & Project Material Supplier for high-quality Carbon, Stainless, Duplex & Super Duplex Steel Pipes, Fittings, Flanges & Accessories.

Headquartered in Dubai, Arrow has extensive reach worldwide. As an ISO 9001:2015 Certified company, we follow total Quality Management System adhering to stringent processes to ensure that we supply high quality products at competitive prices. At Arrow, we are fully geared with the requisite technical expertise and quality control mechanism, enabling us to successfully meet our client's requirement and handling complex and challenging projects. Additionally, our streamlined administration, regular follow-ups with the clients and quick order dispatch has enabled us to win the faith and trust of the clients. Our inventory of carbon steel piping usually exceeds 40,000 tons. The size range we stock is 1/2"OD through 48"OD on ground and any given point of time. Our Stock range of Pipes comprises of Seamless, Electric Resistant Welded (ERW) and Longitudinal Submerged Arc Welded (LSAW) in Grade B up to X65 in PSL 1 & PSL2

At Arrow, we are constantly looking to improve and to enhance the capabilities of our products as well as expand our existing portfolio in order to retain our leading position and offer our customers world class service and timely delivery of products.

We believe that the value is not only in the details of the product being supplied, but also in the Quality Process as well. It is our goal to develop long term client relationships and market alliances and enrich our customers with prompt and efficient customer service.

our vision

To apply Arrow's very own positive energy of people-to be of assistance to the major Oil and Gas, Petrochemical, Oil Field Contracting, Steel Fabricating and Ship Repairing organisations all over the world in the years to come with a positive outcome for both.

our mission

Our mission is to provide our customers with quality and variety of Carbon Steel products at the right place at the right time, exceeding service quality. Together with a focus on communications, quality and employee empowerment, we will perform as a professional, ethical, full service organization, while maintaining the ideas of respect, reward and integrity.
